*The theme for the Heartland Churches youth ministries in 2008 is simply: **Legendary**. But living a legendary life is not simple. A legendary life is an adventure, it's a journey, it's an expedition, it's risky, it takes resolve, courage, and a willingness to travel to the unknown. It's seeking its destiny, no matter what it is, what it cost, where it leads. It's a life on the edge, even sometimes over the edge. It's not always an easy life, but surely it's a worthy life. It's a legendary life. It's a life that asks for sacrifice, yet gives back 100 times more than you can ever give it. It's a life that calls for a lifestyle. It calls for standing up for a lifestyle where few else have and few else will. A legendary life is a misunderstood life, a ridiculed life, an unpopular life. But know this: God is legendary. His people are legendary. His mission is legendary. At the 2008 HYC, you will learn about a legendary God, how to live as his legendary person, and be equipped for his legendary mission. HYC AWAITS YOU.*
